

August 29, 2023
3:10 p.m.

Hello,

As our office continues to monitor Hurricane Idalia, we want to provide the most recent update we received this afternoon from Surf Master Building Management.

Pinnacle Management has advised that they will shut down the elevators Wednesday afternoon to avoid potential damage from storm surge later in the day. Additionally, the property management company will shut down the pools and spas tomorrow, and the pool decks will be closed.

They have asked that all balcony furniture be brought indoors. The purpose is to prevent the items from being blown around and to avoid the possibility of damage to neighboring condos and to the building itself. Please bring balcony furniture indoors before 3 p.m. on Wednesday, August 30. If the furniture on your balcony is composed of metal, please do not bring the items indoors as it could cause potential damage from rust to the interior of the property. If you cannot get the balcony furniture indoors or if the furniture is metal, please get in touch with our office directly at 843-651-2121 for further assistance.

We will continue to monitor the storm and send you periodic updates as they become available. In the meantime, we encourage you to keep up-to-date with local news and releases from the National Hurricane Center.

Thank you,
Your Team at Garden City Realty
