Hello,

We hope this email finds you safe and well. We are contacting you today to provide an important update regarding the aftermath of Tropical Storm Idalia. It seems that our area did not experience significant impacts, and most of the damages we've discovered so far have been minimal. If you have encountered any issues, such as damages or water intrusion to your vacation rental since the storm moved through our area, please report them to our office at 843-651-2121. If you've already left the area to head home and haven't notified our office, please inform us by calling 843-652-4317.

The remainder of the week should bring beautiful weather and sunny skies. We hope you enjoy the rest of your stay. Thank you again for choosing to vacation with Garden City Realty; we hope to see you again soon.

Best,

Your Team at Garden City Realty
